No 108**

**INQUIRY INTO PLANNING AND DELIVERY OF SCHOOL  
INFRASTRUCTURE IN NEW SOUTH WALES**

**Name:** Mrs Hannah Delphine

**Date Received:** 11 February 2022

---

Gillieston public school is in great need of updates. The hall is too small for the number of kids and doesn't have any cooling this is where they have after school care also. The grounds are so uneven it has to be a health and safety issue when the kids are playing sports. And the majority of class rooms are demountable every year adding more demountable . Drop off times are a nightmare at the school. The streets are only wide enough for one car to pass on a few occasions my car mirror has nearly been taken off.
