**INQUIRY INTO PLANNING AND DELIVERY OF SCHOOL
INFRASTRUCTURE IN NEW SOUTH WALES**

Name: Ms Jo Smith

Date Received: 11 February 2022

Thank you for the opportunity to put in a submission to the NSW State Government Inquiry into Infrastructure in NSW Schools.

I have two major concerns:

1. All public schools should have air-conditioners in all class-rooms.
2. To offset the additional energy use and carbon production a tree planting program should be introduced in all schools.
2. The wait for repairs and maintenance to schools in regional areas is too long. I know of one local school that was waiting 7 years for repairs to their hall.

Thank you.
