**INQUIRY INTO ANIMAL WELFARE POLICY IN NEW
SOUTH WALES**

Name: Diana Geier
Date Received: 9 February 2022

I strongly oppose making puppy farming legal in any sense of the word. I have seen female dogs who have done nothing but being bred into the ground. How can we condemn other countries on their treatment of animals particularly live stock. Mahatma Gandhi said that a country should be judged on their treatment of animals. I do not know how you could sleep at night if you really knew what goes on. I feel that children and animals don't vote nor pay taxes so of course they are of little interest. Thank you. Diana.
