SOUTH WALES**

Why has there not been a law passed to ban all puppy farms, The Hon. Adam Marshall is not doing his job for the welfare of dogs living in squalid conditions living all their lives in a crate never seeing the outside never walking on grass, never being groomed their coats matted dirty and long, their life is having pups time after time that's no life for any animal, there are too many puppy farms these dogs deserve a happy loving life not to be treated as a money making machine, puppy farms need to be banned in NSW not in a year's time but now, I have sent a submission in before about banning puppy farms and what happened Minister Adam Marshall has just swept it under the carpet, if Adam Marshall can't do his job then he needs to be sacked as it seems to me he doesn't do anything to help animals, Pass a law Now for these poor dogs  
Thank you
