**INQUIRY INTO ANIMAL WELFARE POLICY IN NEW
SOUTH WALES**

Name: Ms Kristin Carroll

Date Received: 26 February 2022

We all want better welfare expectations for animals though this bill is not the way.

I am really worried that there seems to be no differentiation between hobby breeders & commercial scale breeders. There are no clear definitions.

I raise my puppies in the house with me. Does this give inspectors the right to enter my home as they wish?

I show my dogs, we have a lovely day out, we all enjoy it. I am very concerned that exhibitions are mentioned. Does this mean dog shows? Once again there is no clarity here.

I feel that this bill really doesn't improve the welfare of animals, which we all want, or target those that are doing the wrong thing. Please vote against it.
