**INQUIRY INTO ANIMAL WELFARE POLICY IN NEW  
SOUTH WALES**

**Name:** Miss Donna Lennard

**Date Received:** 27 February 2022

---

Dear Sir/ Madam,

As a DOGS NSW breeder/member are :

1) What are the distinctions between exhibition of animals at zoos, wildlife, parks, as opposed to the exhibition of dogs at a dog show.

2) I am also concerned as to the use of powers of officers to enter premises. Many breeders raise their pups within a home environment, so is a breeder's house subject to powers of entry at any undefined time.

3) I also seek further detailed clarification around the definition of "commercial" as I consider that I may breed occasionally for the continuation of your lineage and the preservation of our breed but not for the pursuit of profits.

4) I'm also concerned that no actual regulations have been established in this paper.

I urge for full consideration of these matters listed and for all members to speak with their constituents and fully represent the views of the majority.

Thanking you,

Donna Lennard
