PUPPY FARMING ENQUIRY SUBMISSION

I ask that you consider the following in connection with the puppy farming enquiry:

Puppy farming is cruel yet it remains completely legal in New South Wales.

Victoria and Western Australia have already banned the sale of puppies in pet shops and introduced laws to combat puppy farms - with other states set to follow.

Since legislation has been passed in other states, New South Wales has seen a surge in puppy farm applications.

Recent investigations into puppy farms in New South Wales have revealed extreme cruelty and suffering to dogs. For example, Strawberry the Boxer.

Laws to end puppy farms should involve restricting the number of animals a breeder can have, combat secretive online sales and ban the sale of animals in pet shops.

Thank you
