**INQUIRY INTO PUPPY FARMING IN NEW SOUTH
WALES**

I propose that the current New South Wales parliament make the compassionate care of animals used in ALL breeding programs to be highly scrutinised and forcefully regulated.

At the moment breeding farms are allowed to operate using secretive, cruel practices - a practice OVERLOOKED by the NSW government.

The breeding animals aren't fed, watered or cared for to any acceptable standard. They are inhumanely discarded when unable to reproduce AND the puppies and kittens are then passed on to NSW family homes. These animals are often already suffering mentally, which can cause the family to surrender the animal to an already burgeoning RSPCA or animal welfare body.

I propose we the New South Wales people, take ownership of the government's current decision to overlook this area of animal cruelty and force a deep discussion into THESE DISGUSTING PUPPY AND KITTEN FARMS, making them accountable via better, water-tight legislation.
