**Re: Inquiry into the use of primates and other animals in medical research in New South Wales**

I write on behalf of the NSW-AAMRI Chapter in relation to the NSW Parliamentary inquiry into the use of primates and other animals in research in NSW.

The NSW-AAMRI Chapter Committee met and considered the Terms of Reference of the inquiry and was critically involved in developing the national AAMRI submission, therefore strongly endorses its submission.

Yours sincerely

Professor Peter R Schofield AO
