## **INQUIRY INTO PRIVATISATION OF BUS SERVICES**

**Name:** Mr Sarp Tortum

**Date Received:** 31 March 2022

---

I'm a resident of Randwick and I need the busses.

The alternative, light rail takes considerably (around 20-30%) more time to get to CBD.

Given time is money, this is too expensive of a deal.

If we are being stripped from a better service, and replaced with a lesser service, but still paying similarly, then I expect someone is benefiting from this. And it's definitely not me who is paying the price.

I ask you leave the bus services as they were.

Thanks.
