INQUIRY INTO PRIVATISATION OF BUS SERVICES

Name: Charmene Britton

Date Received: 31 March 2022

My husband aged 79 has dementia. He also has bad knees. The long wait for buses at Cowper St near Church St, Randwick is quite stressful. The light rail is too far and access involves steep sections for walking.

We used to go to Circular Quay to catch the ferry. There is no direct bus route.

So we need to change from the 373 to take the train to Museum. Takes trip now takes much longer and also creates problems with toilet stops.
