## **INQUIRY INTO PRIVATISATION OF BUS SERVICES**

**Name:** Ms Gabrielle Dickmeis

**Date Received:** 30 March 2022

---

Although recently moved to the neighbouring Bayside Council, like many Randwick locals, neighbours and residents I am very much effected by the recent cuts of public bus routes for work or medical services.

Travel to the City, Bondi Junction, La Perouse, Domestic and International Airports, The Spot, Prince Of Wales Hospital now involve multiple stopovers and changes of buses with travel time up to 2 hrs. to their final destination.

A logistic nightmare, forcing more cars onto the roads with no or limited parking at the end.

Sadly, the beautiful new tram which terminates at Kingsford does not take me or anyone else directly to where they need to be without having to walk long distances with my shopping or wheelchair or pram..
