INQUIRY INTO PRIVATISATION OF BUS SERVICES

Name: Ms Melissa Rogers

Date Received: 29 March 2022

My daughter travels through 3 LGA'S to go to school in Waverley fr Eastgardens. The new bus is great for her but as my elderly parents live in South Coogee, and like many other elderly people, they now rely on public transport. Every day, by the time the bus 350 gets to South Coogee it is so full it cannot stop for new passengers, these passengers are people needing to get to Doctors/Hospitals via train from the Junction or just to attend to their day to day needs. My cousins son, is rejected at least one day a week on Arden St on his way to Waverley. Like the Commonwealth Bank closing local branches to save money whilst publicising their care for the community, this is absolute hypocrisy on the part of NSW GOVT
