INQUIRY INTO PRIVATISATION OF BUS SERVICES

Name: Mrs Elizabeth Szpitalak

Date Received: 27 March 2022

I agree with Randwick Council and object to the privatization of the Randwick buses

It is so unfair ,what is happening in the Randwick area regarding bus transport

Has anyone in parliament considered the elderly that live in great numbers here and are confined to home due to the closure of bus routes. With privatization there has to be a cost increase to fares for buying off the buses. We pay high rates in this area and I do not want to have any more public utilities sold off. HANDS OFF !!!!
