INQUIRY INTO PRIVATISATION OF BUS SERVICES

Name: Ms Maria Retallack

Date Received: 27 March 2022

I recently had the unfortunate experience of trying to get to the Prince of Wales hospital from Hillsdale . As a disabled person it is very hard to walk around so after catching the bus from Eastgardens to Kingsford i then had to try to find the bus link up that would take me to Randwick , after asking around i found out i had to walk from the half way through kingsford junction to South Juniors club on Anzac Pde where the link with trams to get the bus to the Hospital. Then had to repeat the process to get home . Did anyone think of the disabled or old people ... The 400 bus linked seamlessly before between Eastgardens and Randwick and Bondi . Why take away such a great service and replace it with nothing.
