INQUIRY INTO PRIVATISATION OF BUS SERVICES

Name: Mr Chris Drage

Date Received: 27 March 2022

I am very disappointed at the cuts to the buses from Coogee into Sydney CBD.

The 377 which was my most convenient bus has been scrapped altogether

The 373 now terminates at Museum, doesn't even go as far as Martin Place, let alone Circular Quay.

The net result is that a journey from South Coogees into CBD now requires a bus to bus or bus to tram change and takes 20-minutes longer. It is shocking that after such a massive investment in the light rail service, the level of service is substantially lower. What a terrible waste of money.

Anyway, the money has been spent and that's history now. Please at least reinstate the buses.

Thanks

Chris
