INQUIRY INTO PRIVATISATION OF BUS SERVICES

Name: Ms Jaime Bohm

Date Received: 26 March 2022

I am resident of South Coogee who works in the CBD a few days a week and to get to and from the city is now a nightmare. I also like to go into the city on the weekends to enjoy it but I can no longer to public transport since all the buses are gone. We now have so little buses it's easier to drive everywhere - which is sad as it does not promote sustainable transport.
