INQUIRY INTO PRIVATISATION OF BUS SERVICES

Name: Mr George Sternfeld

Date Received: 26 February 2022

Howe is it that we can't have a bus that would take us to our beloved activities, like concerts, theater or galleries which we could access with 373, 374 or 377 busses. There is not a single bus that goes along Elizabeth Street in the City from Randwick. We can't access the Opera House any more by direct connection. We are retirees and it is vital that we have services that make our lives more considering!!! I hope You the decision makers reconsider the hardship you imposed on the older citizens in our beautiful City of Sydney. Regards
George Sternfeld
