INQUIRY INTO PRIVATISATION OF BUS SERVICES

Name: Mrs Jiva Vassilevska

Date Received: 18 February 2022

It is unbelievable that in 2022 the public busses were replaced by privat transport - many bus routes being cut, busses unreliable or no buses at all.

It is called public transport! We feel like ship being herded in the slowly tram. If this was happening in europe, there will be mass demonstrations every where.
