## **INQUIRY INTO PRIVATISATION OF BUS SERVICES**

**Name:** Ms Mary Teteris  
**Date Received:** 16 February 2022

---

I am outraged that the Government wants to privatise our Public Transport any more. Private companies are about profit and transport should be available to all. It is better socially & environmentally & you know it. You in power will come & go, but our assets are for the greater good, not your private interests.
