INQUIRY INTO PRIVATISATION OF BUS SERVICES

Name: Mr Durjay Thapa

Date Received: 7 February 2022

The changes in bus routes from Coogee have affected my daily travel to and from work every day. Previously I caught 1 bus 373 at 5.45am which took me to my destination close enough to my job in Wynyard.

Now to get to Wynyard I need to catch 2 buses. It has added another 20 minutes to my journey and I need to get off the bus in all weather conditions. In order to be at work on time I need to leave home earlier. If I wanted to catch a tram this will be an additional cost and I have to walk much further to change.

This so called Public Transport is no serving the public' it is ridiculous!!!
