

INQUIRY INTO PRIVATISATION OF BUS SERVICES

I'm keeping this brief because I know a long submission is basically a total waste of time - the decision has already been made. Politicians don't care about the public anymore - corporations are their bosses so \$\$\$\$\$\$ are what is important now.

I am disabled and the frequency of services and reduction in bus routes have been decimated in my area. To go short distances requires multiple bus changes - getting off one bus - walking quite a distance to change onto another bus and often waiting ages between buses is very difficult and exhausting for me so I don't go out much any more.

But, who cares about me - politicians don't - greedy corporations are their bosses and \$\$\$\$\$\$ are all that matter now.
