The light rail in the eastern suburbs is useless. It is too slow, does not go to where it is needed and it doesn't have enough seats. The removal of bus routes has destroyed the eastern suburbs. Removal of the 372, 376 and changing 373 has made all my commutes longer, busier, inefficient and now I have to change services and catch multiple buses to get to University. Bring back buses to railway square and circular quay! There's now no bus from Coogee to central as usually the bus drivers on the 373 loop kick you off at Hyde park and don't let you continue to near central station. The changes are disgraceful.
