INQUIRY INTO PRIVATISATION OF BUS SERVICES

Please maintain a direct service from La Perouse to the city. I took the 394 + light rail to the city the other week during off peak (1000H). It still took me 1hr20 minutes to get to the city.

The interchange at Kingsford is quite handy as minimal walking between light rail / bus services. However, there is not much shelter available in high wind / heavy rain.

Is there at least an option to go La Perouse to Martin Place or another station to make an easy connection to Nth Sydney?
