It is disgraceful to disadvantage all the seniors in the community with these proposals. We have all worked hard in our past years to be overlooked again by the non compassionate politicians. Money is never spent to make our lives less complicated in areas of our health and well being. Many of us in the Randwick area don't only use Prince of Wales hospital we also use St Vincent's Hospital. So shame on you for disregarding our need to use these buses, instead you see fit to cancel so many services to this area. Why not cancel all your big fat cat lunches, dinners and other money grabbing bribes. Please rethink your decisions and show us some respect.
