INQUIRY INTO PRIVATISATION OF BUS SERVICES

Name: Name suppressed

Date Received: 21 March 2022

Partially
Confidential

firstly: privatisation doesn't work. it is a method of stealing from the public and transferring our social assets to chosen private investors. profits from public assets no longer go to the public but to the private sector. etc

secondly: in the case of buses the privatisation will see the bus system run to make a profit and the public won't get bus service/timetables running when they need them if they are not profitable.

the privatisation of OUR buses must not go ahead as it is not in the public interest or benefit.
