INQUIRY INTO PRIVATISATION OF BUS SERVICES

Name: Name suppressed

Date Received: 16 March 2022

Partially
Confidential

My husband and I are in our eighties. We live in a retirement Village at The Spot. We can no longer catch a bus to the centre of Bondi Junction. A trip we used to do frequently. We can no longer catch a bus to Martin Place to easily access the Sydney Eye Hospital. Surely providing public transport to make life easier for all members of the community is an important part of State government responsibility. It should not be regarded as a business that needs to make a profit. We, and many of our friends here, are doing our best to remain active and independent. The government seems to be doing its best to thwart our determination.
