NSW government has totally destroyed bus services in Coogee and Randwick areas, with total disregard of the people from the different areas, forcing the public buses services users to use a bad light rail solution, which is a white elephant that was not getting used by the people.

There have been a number of public questioning how this happen, and why a government are not listening the people that their taxes money has been misused. So much over budget wasted time in bad solutions, just because se they can.
