

**INQUIRY INTO ROAD TRANSPORT AMENDMENT
(MEDICINAL CANNABIS-EXEMPTIONS FROM
OFFENCES) BILL 2021**

Name: Mr Isaac Jordan

Date Received: 27 April 2022

As a medical marijuana patient and tax paying citizen the current situation puts me in the unfortunate position of being able to medicate conditions that I have suffered through for more than 40 years until I found medical marijuana or being able to drive, not both.

The current laws and the fact that currently exposure to cannabis is tested for as opposed to intoxication because of cannabis are completely unreasonable, I can test positive days or weeks after I have consumed my legal medication. This is the case despite the amount I medicate is very low.

I don't believe in driving under the influence of any substance and have a firm grasp on the potential impacts but it would be a lot more reasonable if the police were able to use discretion and different methods to ascertain impairment
