**INQUIRY INTO FEASIBILITY OF UNDERGROUNDING  
THE TRANSMISSION INFRASTRUCTURE FOR  
RENEWABLE ENERGY PROJECTS**

**Name:** Mrs Lorraine Sutton

**Date Received:** 11 July 2023

---

the power lines being very close to my property will reduce my ability to aerial spray and fertilize but my major concern is bushfire as a survivor of the big 2020 bushfire and quite a few over my 79 years these power lines will definitely make fire fighting much much harder beside being a bloody eyesore and doing untold damage to the environment sorry about spelling probably my one only submission but feel very strong that the line should go underground
