**INQUIRY INTO FEASIBILITY OF UNDERGROUNDING
THE TRANSMISSION INFRASTRUCTURE FOR
RENEWABLE ENERGY PROJECTS**

Name: Mrs Rosemary Miller

Date Received: 10 July 2023

The Hon Emily Suvaal MLC

Dear Hon Suvaal

Again I thank you for providing the opportunity for writing a submission in regard to the above matter.

Following on from my previous submission, I am posting some photos of rural scenes to emphasise my concerns of the negative effects above ground transmission lines, such as HumeLink have on otherwise beautiful and productive farmland.

And again, I have great concerns, as has Dr. Joe McGirr, Independent Member for Wagga Wagga, about the mental well being of those effected landholders who are against this transmission being above ground across their farms. Also the effect on the local tourism trade which has been expressed by Yass Valley and Snowy Councils who have unanimously voted to have HumeLink laid underground.

Looking forward to a positive outcome

Kind regards

Rosemary Miller
