

**Submission  
No 90**

**INQUIRY INTO VETERINARY WORKFORCE SHORTAGE  
IN NEW SOUTH WALES**

**Name:** Dr Anna Manning

**Date Received:** 16 July 2023

---

I am an owner of a rural veterinary clinic. I have been advertising for an associate veterinarian to join our team for over 3 years. Our current staff are exhausted, and our caseload just keeps growing. Our clinic services a large portion of beef and sheep farms in the NE Vic and vital to the agricultural sector. Help is required from our government to address this level of vet shortage.
