Transgrid is well out of order the govt. should seriously question..... the cost to taxpayers re this renewable green energy nightmare; I for one am sick to death regarding this debacleI.....didn't vote for the elites to govern our country and I do not agree with our energy minister and transgrid holding our farmers to ransom..... Not enough forward thinking has been employed: by anyone in charge...So more time is required for consideration of how best to sort out this mess.

yours sincerely
