**INQUIRY INTO CLIMATE CHANGE (NET ZERO  
FUTURE) BILL 2023**

**Name:** Name suppressed

**Date Received:** 23 October 2023

---

Partially  
Confidential

I applaud the Government for taking a major step in protecting our country and planet. It is a major step in reversing the devastating impact that climate change is having on our world.

I understand however that the Government is not stopping the growth of coal usage and in fact it is allowing the coal mining to increase. The expansion of this industry is suicide to our planet. I request that the reversal of coal mining be a major part of the Government's new legislation. Thankyou
