**INQUIRY INTO CURRENT AND POTENTIAL IMPACTS OF
GOLD, SILVER, LEAD AND ZINC MINING ON HUMAN
HEALTH, LAND, AIR AND WATER QUALITY IN NEW
SOUTH WALES**

Name: Ms Kerry Sutherland

Date Received: 10 August 2023

Dear People,

Please make sure that there is no environmental impact from mining, gas exploration or any other venture that involves extraction of the Earth's resources.

This includes impact on human health, impact on the habitats and health of wildlife and impact on the quality of water resources.

We trust our governments to guarantee the safety of any venture undertaken by private enterprise.

I'm sure I speak for everyone when I say that we would be disappointed if this trust is misplaced.

Please stop the poisoning of our environment by mining ventures.

Yours sincerely

Kerry Sutherland
