No 1210**

## **INQUIRY INTO BIRTH TRAUMA**

**Name:** Sally Rumball  
**Date Received:** 15 August 2023

---

My twin boys were born 4 weeks ago. I currently don't think I have the mental capacity to give a detailed submission however throughout my labour and 7 day stay in hospital on there were several traumatic events that occurred in which I don't think my care providers had my or my families best interest in mind. My experience and treatment will greatly impact my choice to birth again and under which circumstances I would if I did.
