INQUIRY INTO BIRTH TRAUMA

Name: Miss Emily Rogers

Date Received: 8 August 2023

Confidential

I am grateful to say I did not receive birth trauma and that was because I received continuity of care through the midwifery group practice at _____ hospital - a program that is considerably hard to get into but should be available for everyone. I was cared for and listened to by the midwives who stood back and trusted me to birth undisturbed in the water. I knew what unnecessary intervention could occur to derail my wishes but with my knowledge and the care I received I didn't come across any. Every woman should experience this type of birth as a right of passage and for birth to not be treated like a not a medical situation when it's isnt
