

**INQUIRY INTO IMPACT OF THE ROZELLE
INTERCHANGE**

Name: Name suppressed

Date Received: 24 February 2024

I am a medical practitioner and

. Each day I travel to work down Victoria Road to work - RPAH/USYD. Since the Rozelle interchange was opened my travel time by vehicle has increased from 15 mins to 45 mins. In the last week I left the vehicle I was sharing and walked - it took me 60 mins and the vehicle arrived at the same time.

I work 14 hours per day and I am astounded to find that such an expensive and supposedly well designed infrastructure has so degraded public amenity.

Alternative transportation down Victoria Road and Anzac bridge needs to be urgently implemented. eg (and not preferred) Widen Anzac bridge and remove pedestrian access.

Open the west Balmain ferry - this could reduce the traffic on Victoria road and provide some relief.
