

**INQUIRY INTO IMPACT OF THE ROZELLE
INTERCHANGE**

Name: Name suppressed

Date Received: 20 March 2024

Partially
Confidential

To whom it may concern,

I am writing in the hope that the ongoing debacle that is the Rozelle interchange will be resolved satisfactorily and that traffic will again flow more freely along Lyons and Victoria Road Drummoyne. It would appear that this issue is a direct result of delayed traffic light sequencing along Victoria Road in an attempt to alleviate congestion further down Victoria Rd (Rozelle)

This is NOT an acceptable solution and merely transfers the problem from one area to another!

The Rozelle Interchange was very poorly conceived and does NOT alleviate traffic congestion. Peak hour travel into the city has become untenable since its opening!

This situation needs careful consideration moving forward.

I look forward to hearing back from you at your earliest convenience and am keen to hear what plans are underway to resolve the issue.

A concerned Drummoyne resident,
