## INQUIRY INTO IMPACT OF THE ROZELLE INTERCHANGE

**Name:** Name suppressed

**Date Received:** 20 March 2024

---

Partially  
Confidential

Hello

I'm writing today to voice, my concerns about all the tragedies and mismanagement of the Roselle interchange.

It has been a huge cost to taxpayers and local communities, as well as being a huge imposition for members of the surrounding communities.

Our health and our lives and the lives of our children, family and friends have all been put at risk as a result of mismanagement and blatant breas breaches of legislation.

The misdirection and the structure of roadworks and traffic is unacceptable and makes no logical sense in any way, shape or form! The asbestos issue is even bigger issue, which we are horrified and furious about!

I live in Annandale and since the interchange was opened my travel to work in Balmain, as a Yoga teacher has increased by 10 to 40 minutes each way.

Having one lane from Johnson Street to Victoria Road, which can be intercepted by the Westlink makes no sense at all and was an absolute disgraceful fumble from the beginning!

Why are our tax payers funds being spent on blatant incompetence?

We want answers we want an enquiry and we want assure that it will be fixed as soon as possible and we will also be requesting reparation.

And we will not stop until the incompetence is exposed, corrected, and we are compensated accordingly.

Kind Regards
