INQUIRY INTO DEVELOPMENT OF THE TRANSPORT ORIENTED DEVELOPMENT PROGRAM

Name: Mr Andrew Smith

Date Received: 28 March 2024

I strongly oppose the TOD Program. There was zero consultation, there is no disclosure by the Government on the impacts on traffic, tree canopy, heritage. from what I can read about it, it is clearly a very bad "one size fits all" program that needs a lot more work and consultation to answer the numerous issues that will adversely impact what we love about Sydney.
