**INQUIRY INTO DEVELOPMENT OF THE TRANSPORT
ORIENTED DEVELOPMENT PROGRAM**

Name: Name suppressed

Date Received: 28 March 2024

Partially
Confidential

Thank you for the opportunity to comment. The development of the TOD was flawed: timing of disclosure over the Christmas break, insufficient and confusing information, rushed with no research or modelling provided to justify the far reaching consequences or to show how the objectives will be met, complete lack of consultation, and no opportunity for individuals to comment.
