To whom it may concern,

My family was recently chosen as part of a trial to monitor our movements. After participating in that I can now understand how Transport NSW have no real data on our movements.

This has been a nightmare for our family. Not only has it take 45 minutes on a bus to try and get out of Balmain. I now take 1 hour plus to drop my son off at school. His anxiety in getting to school has been unbelievable in the car and I can't tell you the stress that not knowing if you can even get your son to a morning tutor at 8am.

There are so many problems here and I can't believe that after the 5 years we have gone through this it is now taking myself longer to get to work and drop my kids off at school.

Tax payers money well spent!!!! Yet again after the balmain's league club the list is never ending here. The west balmain ferry service. The disjointed bus service.

Hopefully during this parliament enquiry you can remind them what their no 1 job is. Cause it seems like for the last 10 years they have NO CLUE.

Kind Regards,
