Hello there, i have been using cannabis for 48 years ,i still work and function there quite well .i would like get a policeman, doctor, politician to come for a drive with me for about an hour then get someone who is drunk go for a drive with them and tell me who they would prefer to drive with. Cannabis is a medicine its been proven ,its natural, the government gets big money from pharmaceutical companies that's why they are hesitant to decriminalise cannabis, natural is better than chemical pills. America is making big money from cannabis, come to the 21st century and listen to the people. Thank you 😊
