**INQUIRY INTO IMPACT OF THE REGULATORY  
FRAMEWORK FOR CANNABIS IN NEW SOUTH WALES**

**Name:** Mrs Kerry-Ann Taylor

**Date Received:** 9 May 2024

---

As a medicinal cannabis user I want the same Freedoms as other medicine users, the freedom to use my medicine where I need it and when I need it.

The freedom to drive.

The freedom to grow my medicine & use as I see fit.

With the cost being a major factor in medicinal cannabis medicine I would like to see more cost friendly alternatives for those of us who are on pensions, without having to forego the quality of the product.

I'd like to see the use of medicinal cannabis decriminalised, and healthcare personnel to be more informed of its benefits, especially those in a hospital setting and the mental health sector.
