**INQUIRY INTO IMPACT OF THE REGULATORY
FRAMEWORK FOR CANNABIS IN NEW SOUTH WALES**

Name: Mr Dez Hoy

Date Received: 10 May 2024

Just end the idiotic, counterproductive war on drugs, period. It causes way more problems than it solves. Alcohol, gambling and prescription drugs are legal, yet they cause just as many problems as illicit drugs (and more deaths), but users of illicit drugs are unfairly discriminated against.

How many enquiries, committees and drug summits will it take before socially conservative politicians get the message they have no place interfering in the lives of others or using drug policy to bash each other?

NSW is a Nanny-Police State. Get over yourselves.
