**INQUIRY INTO PROPOSED AERIAL SHOOTING OF
BRUMBIES IN KOSCIUSZKO NATIONAL PARK**

Name: Name suppressed

Date Received: 29 April 2024

Partially
Confidential

Hi i write this email to advise that i am Traditionally connected and Aboriginal to the land and of kosciusco mountain, To me that mountain is sacred. I would appreciate it if i could give evidence at the upcoming inquiry hearing. Im extremelly concerned about the welfare and low existing number of brumbys in the kosciusco mountains between the slaughtering and removal of brumbys im highly concerned of them becoming extinct. I do not give consent for any body to capture, rehome or harm the brumbys in any way shape or form. They must be kept highly protected. Being a part of this inquiry is very important to me.

Kind regards

I feel very strongly that i want my voice and perspective heard at this inquiry.
