Hi guys and girls, anybody read the bible, Indian hemp is I believe mentioned in the bible I believe it says the leaves you can smoke and the stems you can make rope. Now I don't know where it was mentioned, but 50 odd years ago i remember asking my Sunday School teacher " what is Indian hemp? she told me it was this stuff they used to smoke back then. Hell, I might be wrong, but I don't think so. Cheers Bevan
