**INQUIRY INTO IMPACT OF THE REGULATORY  
FRAMEWORK FOR CANNABIS IN NEW SOUTH WALES**

**Name:** Miss Mikayla Ryan

**Date Received:** 10 May 2024

---

I currently use medicinal cannabis for chronic pain and insomnia, I suffer from endometriosis and scoliosis which causes a lot of pain and makes me unable to work at times. Since starting medicinal cannabis I have noticed a massive improvement with my sleeping, eating and physical health, I can work long shifts pain free on just a few drops of the oil that I'm prescribed.

The prices are insane for this medication.
