**INQUIRY INTO IMPACT OF THE REGULATORY
FRAMEWORK FOR CANNABIS IN NEW SOUTH WALES**

Name: Mr Hayden Bueno

Date Received: 10 May 2024

To whom this may concern,

I am writing this to suggest that cannabis should be legalised in NSW, as the old cannabis laws are outdated.

Cannabis being illegal leads to innocent people being persecuted. Cannabis is safer than alcohol and the government is missing out on a lot of revenue.

If it is already legal medically, why not legalise it recreationally?

Please consider this change, as cannabis being legalised would mean innocent people will no longer be prosecuted and the government will make great revenue from this.

Thank you and kind regards,

Hayden.
